OUR STORY

During the Covid lockdown, Rob had a vision to create a warm, welcoming and versatile club house that brought our generation together in real life.

So he partnered up with his best friends Moe & Johnny, to turn this dream into a reality.

The 'Three Bubskeeters' were born and in 2021, they launched Bubba Oasis, to create a different kind of club house.

In a generation that is becoming increasingly focused on online connections, Rob, Moe and Johnny deeply believe in cultivating offline experiences.

Bubba Oasis is a destination for us to be nourished, inspired and connected, whilst seamlessly blending work and play, with a heavy focus on community.

Whether it be the art on the wall, our performers and musicians or even you, our gorgeous guests, we are here to create a platform for our community to shine.

Hot desk by day, let your hair down by night and everything in between. You're precious and you should always remember that.

Welcome home baby and enjoy your stay. You're welcome back any time.

Lots of love, Rob, Moe & Johnny xo

Ps. We are always looking to improve our experience, so if you have any feedback please email: rob@bubbaosis.com
